

# RED CIRCLE

## DEMO - WORKSHOP TO EXPERIENCE WHAT WE DO IN CENTAR STAZE

If you are curious to discover what it's all about, come to Red Circle demo-workshop. This workshop is an invitation to join women who wish to recall and reclaim the authentic female power to their body and their life. The purpose of Red Circle workshop is to establish an ongoing connection with our own powerful female essence that makes every woman creative, beautiful and wise. In the Red Circle workshop each woman steps out of her everyday roles to become an embodiment of the Goddess. Although very basic in expression of feminine essence through conscious breathing, free movement, dance, and free style drawing, this workshop shall profoundly touch the very core of your inner women. You shall feel the shift in your energy field after one workshop only.

Red Circle workshop is just a tiny precious drop of what we do in Centar Staze.

Verbal communication during the Red Circle workshop is reduced to an absolute minimum. Thus the space we share with other women becomes our collective sacred space. The only purpose of this workshop is to touch and fulfil your heart and make it blossom.

Welcome!
